COVID-19 ACADEMIC CHANGES

In spring 2020, LA moved to virtual learning for third trimester. Grades that trimester were reported as pass/no credit. At the end of the year, students had the option to reveal grades, but final grades and GPAs for the year were based on first and second trimester grades only. In the 2020-21 school year, classes were hybrid and students had the option to be on campus two days a week or be fully remote. Since the fall of 2021 classes have been fully in person.
